

**Guarnizioni in poliuretano per oleodinamica**

*Polyurethane packings for hydraulic*

Jointes en polyuréthane pour l'oléohydraulique

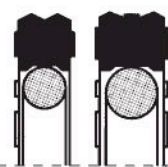

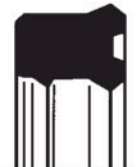

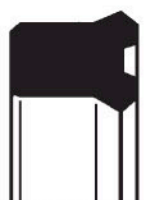

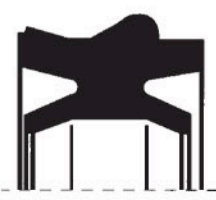

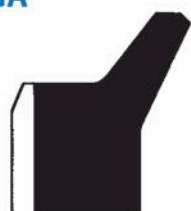

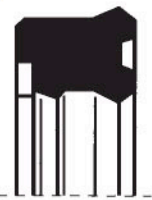

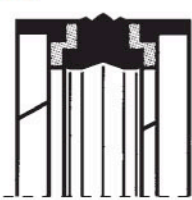

**Guarnizioni a labbro in elastomero per oleodinamica/pneumatica**

*Elastomer u-packings for hydraulic/pneumatic*

Jointes à lèvres en élastomère pour applications oléo hydraulique/pneumatique

**Gamma completa • Qualità • Prezzo - Full range • Quality • Price - Gamme complète • Qualité • Prix**

<p><b>SA</b></p>  <p><b>Raschiatore stelo con tenuta statica</b>            Rod wiper            Joint racleur tige à étanchéité statique</p>	<p><b>DSI</b></p>  <p><b>Raschiatore stelo NBR</b>            Rod wiper NBR            Racleur tige NBR</p>	<p><b>UP</b></p>  <p><b>Tenuta stelo e pistone a labbri simmetrici</b>            Symmetric piston rod seal            Joint tige et piston à lèvres symétriques</p>	<p><b>KPD</b></p>  <p><b>Tenuta pistone doppio effetto</b>            Double acting piston seal            Joint piston double effet</p>	<p><b>RBP</b></p>  <p><b>Raschiatore bidirezionale</b>            Double acting wiper            Racleur bidirectionnel</p>
